

Hi,

I am a New Jerseyan who objects to the proposal of weakening our Do Not Call regulations. Our lives have been made very much more peaceful as a result of our Do Not Call Registry and its laws. We are blessed. Please do not allow telemarketers to again begin to creep into our homes unasked and take over our family life (what little time we do have together as a family with our children). Please keep the Do Not Call rules in New Jersey as they currently are.

Thank you very much.

Most Sincerely,
Cherwyn Ambuter
